

## Drew Forshee

January 13, 1958 - February 21, 2026

Drew Forshee was born in 1958 to two lovely parents Shirley and Bob in Redondo Beach, California. He was accompanied by his two brothers Todd & Lain and they spent most of their days waxing their surf boards as they would prepare to venture into the magnificent swells off of the California coastline daily. Drew relocated to Northern California in 1978 where he married Hollie and had a daughter named Elaine. He was a botanist, a nature lover, a protector of peace, lover of freedom and animals, a fisherman, a carpenter, a bicyclist, a true outdoorsman and in the early days enjoyed pottery. He could also often be found exploring the mountains and various lakes as well as Yosemite. He is adored loved and missed by all of his family and friends throughout the years.

Thank you to Drew for all the wonderful times we had and how you would make us laugh with your wonderful sense of humor your infectious laugh and your free spirit. The ceremony today is a celebration of your life and how much we love you. Not a day goes by where you're not on our hearts and minds forever. ☹️

Drew was a longtime Rocklin resident and will reside lovingly at the Rocklin cemetery.
